

New Source Review newspaper advertisements for construction permit applications, October 30, 2003. The following public notices have been published in the newspapers listed below each advertisement. These newspaper advertisements for construction permit applications were published on one of the following dates: October 28, October 29, or October 30, 2003. Public notices are generally published every two weeks. The previous publication of public notices was October 16, 2003.

PUBLIC NOTICE

The Tennessee Division of Air Pollution Control (TDAPC) has received requests for construction of air contaminant sources as noted below. The proposed construction is subject to part 1200-3-9-.01(1)(h) of the Tennessee Air Pollution Control Regulations, which requires a public notification and 30-day public comment period. Interested parties may express their comments and concerns in writing to Mr. Barry R. Stephens, Director, Division of Air Pollution Control, 9th Floor, L & C Annex, 401 Church Street, Nashville, Tennessee 37243-1531 within thirty (30) days of the date of this notice. Questions concerning a source may be addressed to the assigned Division personnel at the same address or by calling 615-532-0554.

Individuals with disabilities who wish to participate should contact the Tennessee Department of Environment and Conservation to discuss any auxiliary aids or services needed to facilitate such participation. Such contact may be in person, by writing, telephone, or other means, and should be made no less than ten days prior to the end of the public comment period to allow time to provide such aid or services. Contact the Tennessee Department of Environment and Conservation ADA Coordinator, 12th Floor, 401 Church Street, Nashville, TN 37243, 1-866-253-5827. Hearing impaired callers may use the Tennessee Relay Service, 1-(800)-848-0298.

The applicant is Titan Construction Materials, LLC with a mailing address of 210 Caney Branch Road, Rockford, TN 37853. They seek to obtain an air contaminant permit (Division identification number: 05-0195-01/56792) for a Rock Crushing Operation located at the same address. This existing operation consists of crushers, screens, conveyors, crushed rock stockpiles, and associated equipment used to produce crushed limestone aggregate. Wet suppression is used for pollution control. There would be no physical construction. Regulated air contaminants are emitted by this source. Mr. J. Martin is the assigned Division person.

For the Blount County "Maryville Daily Times"--published once on or before Thursday, October 30, 2003.

The applicant is General Electric Company with a mailing address of P.O. Box 1919, Morristown, TN 37814. They seek to obtain an air contaminant permit (Division identification number: 32-0114-11/56770) for modification of a Molding Operation located at 5320 East Morris Boulevard, Morristown, TN 37814. This existing operation consists of nine (9) automatic molding machines. The requested modification is to increase allowable volatile organic compound (VOC) emissions. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be no physical construction. Regulated air contaminants are emitted by this source. Mr. V. Murrell is the assigned Division person.

For the Hamblen County "Citizen Tribune"--published once on or before Thursday, October 30, 2003.

The applicant is Vulcan Construction Materials, L.P. with a mailing address of P.O. Box 7, Knoxville, TN 37901. They seek to obtain an air contaminant permit (Division identification number: 54-0027-03/56823) for construction of a Generator at 110 County Road 173, Athens, TN 37303. This proposed operation would consist of an

electric generator powered by a diesel internal combustion engine. The generator would be used to produce power for an existing permitted rock crushing operation. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. M. Reynolds is the assigned Division person.

For the McMinn County "Daily Post-Athenian"--published once on or before Thursday, October 30, 2003.

The applicant is UGN, Inc. with a mailing address of 1001 State Street, Chicago Heights, IL 60633. They seek to obtain an air contaminant permit (Division identification number: 57-0278-04/56781) for construction of an Automotive Insulation Production Operation at 48 Venture Parkway, Jackson, TN 38305. This proposed operation would consist of an adhesive roll-coating machine with fugitive cleaning and line purging solvent, an adhesive spray booth, oven, and two water-jet cutters. A cyclone and dry filters would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Ms. G. Latif is the assigned Division person.

For the Madison County "Jackson Sun"--published once on or before Thursday, October 30, 2003.

The applicant is Vic Davis Construction, Inc. with a mailing address of 1300 Jan Way, Kingsport, TN 37660. They seek to obtain an air contaminant permit (Division identification number: 82-0311-01/56832) for construction of a Rock Crushing Operation at the same address. This proposed operation would consist of a grizzly feeder, crusher, conveyor, and associated equipment used to produce crushed aggregate. Wet suppression would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. J. Martin is the assigned Division person.

For the Sullivan County "Kingsport Times-News"--published once on or before Thursday, October 30, 2003.
